We cannot guarantee specific bikes for specific reservations, all rental models are subject to availability. The Snowmass Bike Park is intended for Downhill/Enduro bikes only.

Downhill / Enduro Mountain Bike

The Snowmass Bike Park is intended for Downhill/Enduro bikes only.

Trek

Slash 8 29

Standard

Downhill/Enduro

Adult

Description: Slash 8 is an enduro mountain bike that rolls on fast 29er wheels and floats on plush RockShox suspension with SRAM's 12-speed GX Eagle handling drivetrain duties. An aluminum frame with fresh new tech and tough alloy wheels push this bike into the sweet spot for all-around rippers.

Downhill / Enduro Mountain Bike

The Snowmass Bike Park is intended for Downhill/Enduro bikes only.

Trek

Session 8 29

Standard

Downhill/Enduro

Adult

Description: Session 8 is a downhill mountain bike with a burly alloy frame and high-pivot suspension design that keeps you nimble, planted, and blazing fast on even the most punishing runs.

Downhill / Enduro Mountain Bike

The Snowmass Bike Park is intended for Downhill/Enduro bikes only.

Rocky Mountain

Slayer Alloy 30

Standard

Downhill/Enduro

Adult

Description: Smash every trail in total confidence. The Slayer was right there at the start of freeride movement, and that “heritage-of-send” lives on. Longer and slacker than ever, expect villainous levels of confidence when ripping big mountain trails or devouring the park. Rip, send, smash, repeat. Nothing’s in your way.

Transition

Ripcord

Demo

Downhill/Enduro

Child

Description: Today's kids are riding anything and everything they can get their hands on. From singletrack rides with their parents to the occasional bike park trip or hitting up a local pump track. Our Ripcord kids bike is designed to do-it-all while delivering maximum smiles. The Ripcord looks like a rad adult bike that was put on the photocopier and reduced by 40%. You get all the features of an adult bike but in a sweet package that kids can shred. Features like super-low standover, air front and rear shocks, hydraulic disc brakes and knobby Maxxis tires for superb braking and cornering control. There is a reason why we have a hard time keeping this bike in stock.

Downhill / Enduro Mountain Bike

The Snowmass Bike Park is intended for Downhill/Enduro bikes only.

Rocky Mountain

Reaper 24

Demo

Downhill/Enduro

Child

Description: Guess what? Kids want to rip trails, too. That's why the Reaper incorporates decades of trail, enduro, and park prowess and condenses it into a shred ready package for kids. The result? Full-sized trail bike levels of competence and composure in a kid-friendly package. The objective? To pass on a love of riding and ripping to the next generation. Don't fear the Reaper (sorry, we had to)—it's carrying the next generation of riders onto big, burly things.

The Snowmass Bike Park is intended for Downhill/Enduro bikes only.

Trek
Slash 9.8

Demo

Downhill/Enduro

Adult

Description: Slash 9.8 is a carbon enduro mountain bike built to handle big hits, rail corners, and rip down the mountain faster than you ever thought possible. Ultra stiff and ultra tough carbon frame, carbon wheels, and the most refined suspension tech from RockShox make this long-travel 29er a worthy contender for any dedicated rider and enduro podium.

Downhill / Enduro Mountain Bike

The Snowmass Bike Park is intended for Downhill/Enduro bikes only.

Revel

Rail GX 27.5

Demo

Downhill/Enduro

Adult

Description: We created the Rail with two things in mind: maximum thrills and climbing hills. A tuned carbon layup makes railing through berms pure joy. The CBF™ suspension will change your perception of what a long travel bike should climb like, all while keeping the suspension extremely active on descents and under braking. The 27.5 wheels are all about being playful, poppy, maneuverable, and we're confident you'll come away impressed with what this bike can do.

Downhill / Enduro Mountain Bike

The Snowmass Bike Park is intended for Downhill/Enduro bikes only.

Rocky Mountain Instinct C50

Demo

Downhill/Enduro

Adult

Description: If you're looking for one bike that does it all, look no further than the Instinct. We've designed a bike that's capable of tackling technical trail riding but still allows you to push the pedals hard on the climbs. We've updated the geometry, frame features, and suspension kinematics to make sure you feel confident on the up's, down's, and everything in between. Trust your Instinct.

Downhill / Enduro Mountain Bike

The Snowmass Bike Park is intended for Downhill/Enduro bikes only.

Transition

Patrol Carbon GX

Demo

Downhill/Enduro

Adult

Description: Being one of the longest standing bikes in our lineup, it was the obvious choice to mix it up. Updated geometry to accommodate the 29" front / 27.5" rear wheels and revised suspension tune might just make you ride all day, and then all night. Jibbing, jumping, pumping and hooting your way down the trail, the updated Patrol loves to party. From bike parks to your local trails, the Patrol isn't concerned with where you ride but rather how much fun you are having.

Downhill / Enduro Mountain Bike

The Snowmass Bike Park is intended for Downhill/Enduro bikes only.

Transition Spire Carbon GX

Demo

Downhill/Enduro

Adult

Description: The Spire blends DH bike capability with mid-travel efficiency in such a way it's almost two bikes in one. A delicately tuned pedaling and pumping platform, super supple beginning stroke sensitivity and all the travel you could ask for makes for a mind bending ride. Happily climb up to your favorite challenging descent, then cruise on over to your local flow trail and you'll be rewarded on both ends of the spectrum. Don't be fooled though, while it's no one-trick pony, the Spire lives to push your limits. Get in-Spire.

Cross Country Mountain Bike

Cross Country Mountain Bike rentals are not permitted for use in the Snowmass Bike Park.

Trek

Fuel EX 8 GX 29

Standard

Trail

Adult

Description: Fuel EX 8 is a dialed trail bike for riders who chase down rowdy descents and want a bike that's happy to pedal back to the top and do it again. It has a stout alloy frame and an upgraded Shimano XT drivetrain for smooth precise shifting. The 150mm Fox Rhythm fork makes easy work of rocks and roots while the Fox Float X shock keeps you in control. New in frame storage and adjustable geometry give you all the perks that come with the carbon model, but without the lofty price tag.

Trek

Fuel EX 9.8 GX 29

Demo

Trail

Adult

Description: Fuel EX 9.8 combines a light full-carbon frame with parts chosen for the highest performance-to-price ratio. High-end 130mm rear and 140mm front FOX suspension with upgraded front and rear dampers, carbon wheels with a Rapid Drive rear hub, and SRAM's latest, widest-range drivetrain give this model an extra edge you'll notice from the first pedal stroke.

Cross Country Mountain Bike

Cross Country Mountain Bike rentals are not permitted for use in the Snowmass Bike Park.

Revel

Ranger XO1 29

Demo

Trail

Adult

Description: The new Ranger provides an elite, down-country ride that offers a perfect balance of speed, agility, and durability. Its unique suspension design and redesigned rear end offer superior performance on technical terrain, while its lightweight frame and efficient drivetrain ensure maximum speed and efficiency for when you're really looking to open it up and find some speed. Whether you're lining up between the tape for a race or heading out for a long day in the high-country, this bike is sure to impress with its balance of speed, agility, and durability. Overall, the new Ranger is a highly capable, multi-dimensional bike that delivers extraordinary performance, efficiency, and versatility.

Cruiser

Trek Dual Sport 2

Step-over

Adult

Description: Dual Sport 2 is a go-anywhere hybrid bike that performs on a variety of surfaces. It's efficient on pavement, stable on rougher terrain like gravel paths, and comfortable wherever you ride it. A suspension fork, all-terrain tires, and hydraulic disc brakes make Dual Sport 2 the smart choice for riders who want to explore beyond smooth city streets.

Cruiser

Trek

Verve 2 Disc Lowstep

Step-through

Adult

Description: Verve 2 Disc Lowstep is a hybrid bike designed for comfort and fun on commutes, cruises, and fitness rides. It has a lot of thoughtful features that make for a confident and comfortable ride, like a lowstep geometry that makes it easy to mount and dismount, a suspension seatpost, and disc brakes that perform in any weather.

Cruiser

Trek

Verve 2 Disc

Step-over

Adult

Description: Verve 2 Disc is a hybrid bike designed for comfort and fun on commutes, cruises, and fitness rides. It has a lot of thoughtful features that make for a confident and comfortable ride, like a suspension seatpost, padded saddle, and disc brakes that perform in any weather.

Cruiser

Trek Precaliber 16

Child

Description: Teaching and learning to ride is a breeze with Precaliber 16. It has a handle built into the saddle so you can guide while they ride, and tool-free training wheels that are super easy to install and remove. It's a great fit for kids ages 4-5 between 39-46" tall.

E-Bike Cruiser

Trek

Allant+ 7 Lowstep

Step-through

Adult

Description: Allant+ 7 Lowstep is an award-winning performance e-bike built for riders and commuters who want a stylish, durable e-bike with the added road-smoothing benefits of a suspension fork. A powerful Bosch drive system that assists up to 20 mph, quality parts, and a wealth of thoughtful design details make this electric bike a smart solution for getting around town every day.

E-Bike Cruiser

Trek

Allant+ 7

Step-over

Adult

Description: Allant+ 7 is an award-winning performance e-bike built for riders and commuters who want a stylish, durable e-bike with the added road-smoothing benefits of a suspension fork. A powerful Bosch drive system that assists up to 20 mph, quality parts, and a wealth of thoughtful design details make this electric bike a smart solution for getting around town every day.

E-Bike Mountain Bike

Trek

Rail 7

Demo

Gravity

Adult

Description: Rail 7 is a long-travel electric mountain bike built for ripping the big stuff. It features the same high-end trail tech as our analog trail bikes, an upgraded fork, drivetrain, battery, and more, plus a powerful Bosch drive system that's basically like having your own shuttle.
